

Proceeding

All the scientific papers will be subjected to a peer-reviewed process and then will be published in the final conference proceedings in electronic form in periodical journal Advance Material Research (Publisher: Trans Tech Publications Inc.). The papers will be subject to a final TTP internal review and publisher reserves the right to reject the paper without further information.

Oral presentation

You are expected to present your paper within 15 minutes including question time. Each presenter will be expected to have the presentation slides in Microsoft Power Point saved in USB.

Posters

The poster size must be maximum A0 (841 mm x 1189 mm) and should be in English. The text and illustrations should be readable from a distance of two meters. Tacks and technical equipment for the hanging of posters will be available.
